

Healing Our Community

Good Samaritan Hospital is undergoing a bold transformation—one driven by our mission to serve and shaped by an unwavering commitment to the future of compassionate care in Greater Cincinnati.

We're investing \$30 million of the \$240 million state-of-the-art West Tower, which will meet the evolving needs of our community—not just for today, but for generations to come. This is more than bricks and mortar. It's a promise to elevate healing through innovation, access, and compassion.

The West Tower, set to open its first phase in summer 2026, will be a world-class center, bringing together the hospital's most essential services in one unified space, designed with the patient experience at the forefront.

What Will Proceeds Support?

Proceeds from the 2026 Gala will benefit the new West Tower at Good Samaritan Hospital, along with our annual support of the Good Samaritan Free Health Center and Medical Education Research.

The West Tower, which is currently well underway on Good Sam's campus, will be a cornerstone of the hospital's future, bringing together critical services such as neurosciences, cardiovascular care, women's health, advanced surgery, the Cancer and Blood Institute, centralized diagnostics, and a relocated emergency department into one modern, patient-centered facility.

This expansion will allow us to better serve our patients with **more seamless, accessible, and compassionate care**, designed around the needs of today's families and tomorrow's medical challenges. It is an ambitious vision, and we cannot do it without you.
