

What Will Proceeds Support?

Your support of The Good Samaritans' 2024 Gala will ensure compassionate care today, tomorrow, forever - for everyone served through Good Samaritan.

As health care innovation provides new therapies, surgeries, and treatments, our community's ability to access those advancements will write our future. Funds from the Gala will fuel enhanced access, innovation, and the patient experience through a new, state-of-the-art center that will house Good Samaritan's key areas and be the home to world-class care, right here in Greater Cincinnati.

This new ambulatory center will house the Advanced Surgical Institute, which includes neurosciences, an expanded Cancer Institute and Heart Institute, a relocation of the emergency department, and centralized diagnostics, creating an easier wayfinding experience for patients and families that will streamline access to critical care.

Why FOREVER *Forward*?

Forever Forward is about people - it's about beliefs, community, and resiliency. It's a relentless commitment to the Good Samaritan way of compassionate care.

Hamilton County Challenges

Hamilton County and our surrounding area suffers from a huge gap in health equity. The inability of our community's most vulnerable citizens to overcome economic, educational, environmental and social constraints plays out in far worse health outcomes every day. Life expectancy at birth varies by up to 20-years difference for residents in bordering neighborhoods. Solving this problem will require new, proactive models, partnerships and prevention.

“ *Cincinnati needs its anchor institutions to partner with organizations like ours, to push forward, to invest in infrastructure, innovations and provide greater access for everyone, not just a few. As we do this, our faith-based values, our history and our commitment to compassion must be our light and our guide.* ”

How FOREVER *Forward* Impacts Our Community:

Good Samaritan Hospital will undergo an evolution in the years to come. Motivated by our mission to serve, a modernized, much-needed state-of-the-art health care facility will better meet the evolving needs of our community.

This is a \$240 million investment into the health and wellbeing of the Greater Cincinnati population. But it also does so much more: it provides a learning environment to train the doctors and nurses of tomorrow; it enables collaboration which leads to better outcomes; it assures that the very best talent can be recruited and retained; it provides a home for the very best technology and patient-centered environments to exist; it strengthens the local economy and, perhaps more importantly, it ensures that the true stakeholders in our community, our neighbors, forever remain the focus of our healing ministry.
